BYE-ELECTIONS ON Cross, Boyle, McKenzie and Stewart Given Portfolios

BYE-ELECTIONS MAY 27 INCLUDING CARDSTON

Edmonton, May 5.—The changes in the provincial government were officially announced on Saturday night. At 8 o'clock Lieut.-Governor Bulyea was in the following members of the cabinet:

C. W. Cross, attorney-general.
A. J. McLean, provincial secretary.
Malcolm MacKenzie, provincial treasurer.
Charles R. Mitchell, minister of public works.
J. R. Boyle, minister of education.
Duncan Marshall, minister of agriculture.
Charles Stewart, minister of municipalities.

After two years as a private member, C. W. Cross resumes his old position as attorney-general. J. R. Boyle, Malcolm MacKenzie and Chas. Stewart are the other additions.

Premier Sifton will retain the offices of president of the executive council and the portfolio of railways and telephones. He, however, relinquishes the office of provincial treasurer and minister of public works.

Hon. C. R. Mitchell, who has held the offices of attorney-general and minister of education, hands over the offices to Mr. Cross, senior member for Edmonton, and Mr. Boyle, member for Sturgeon, respectively. Mr. Mitchell takes charge of the public works department.

Hon. A. J. McLean, who has combined the offices of provincial secretary and that of minister of municipal affairs, retains only the former office and hands over the department of municipal affairs to Mr. Stewart, the member for Sedgewick.

McKenzie, Claresholm, becomes provincial treasurer.

Mr. Marshall will remain head of the Department of Agriculture.

The bye-elections will result, in four additional seats to the cabinet, and elections will take place at Edmonton, Claresholm, Sturgeon and Sedgewick. In addition there will be a bye-election at Cardston, the constituency lately represented by J. W. Woolf, who recently resigned upon his removal to the United States. They will be held on Monday, May 27, with the nominations a week earlier.

THE SUPREME COURT.

Root v. Johnson. A stallion deal. Judgment by consent for \$200.
Herve v. Dominique. The plaintiff, Frank Herve, Leslieville, sued "Cap" Dominique for \$500 for alienation of his wife's affections. The evidence disclosed that the pair had lived together at certain times and places last year, the defendant admitting living with the woman at Rocky Mountain House. His contention was that she had left her husband owing to his ill-treatment of her, and Dominique's connection with her came some time afterwards. The Judge gave the plaintiff a verdict of \$3,000. Mr. Payne for plaintiff; Mr. Moore for defendant.

Garcia vs. Watson, being a quarrel over hay. Judgment for plaintiff.

Shan v. Moore. Shan was a case over sheep. When defendant unloaded sheep at Vermillion he found one dozen too many lambs and one dozen too few sheep in the big bunch. Owner could not substitute as there was no sheep in the neighborhood. Defendant was allowed the difference between twelve sheep and twelve lambs.

Hamilton vs. Jaenson was over a stallion. Twelve hundred dollars was paid for stallion in first place by twelve farmers. Kild sold the animal to another man for \$750. Hamilton was trying to make Jaenson pay difference. The defense was that the note was not a joint note, that the horse was no good, etc. The case was not completed yesterday.

Miss Michener's Recital

The recital of Miss Michener's primary and elementary music pupils, Saturday afternoon, was well attended. The following programme was rendered by the pupils in a manner highly creditable to Miss Michener:

Duet, Addie McKinnon and Helena Keith; Solo "Wallflower" Barbara Bannerman; Solo "Columbine" Kathleen Keith; Hymn, Victor Michener; Solo "Happy May Time" Margaret Landon; Solo "Fairy Wedding" Georgina King; Hymn, Ford Fallman; Duet "The Chariot Race" Gwen Richards and Roland Michener; Solo "May Rutherford"; Solo "The Mountain" Myrtle Archibald; Solo "Return March" Beulah King; Duet "March" Misses McBride and Reinhold; Solo "Valse" Hilda Pyke; Solo "Bon Jour" Gertrude Smith; Solo "The Chant" Marion Munro; Duet "Cavalry March" Kate Carswell and Helena Keith; Solo "Cabella" Freda McBride; Solo "Briar Rose" Myrtle Landon; Solo "The Chase" Lilias Greene; Trio, Misses Greene, Rutherford and Munro.

THE GIRL AND THE TRAMP.

The Girl and the Tramp Co., which appears at the Lyric in four acts of comedy, is the same company and cast which is playing the large theatres at Winnipeg, Brandon, Regina and Calgary. Red Deer, Thursday, May 9.

A tramp, ragged, tired and heart-worn, sauntered into the elegant yard of the Meriton and asked for something to eat. Mrs. Meriton immediately orders that the tramp be fed. In a laughing way the tramp says he hopes to be able to repay her for her kindness some day. The thought that he might be able to do so never dawned upon Mrs. Meriton until two years later, after her happy home had been broken up and she was left penniless. Happy Jack, the tramp, outwits the villain, which brings about a very joyful ending at the Lyric, Thursday, May 9th. Reserved seats now on sale—\$1.00, 75c, 50c, children 25c.

BASEBALL

1912 Season Opens

The Red Deer aggregation of the Western Canada League reached Red Deer yesterday, and the team limbered up a little in the afternoon at the ball grounds. Today they go to Edmonton to play the first game of the season, and will also play there the rest of the week.

Monday night will see the opening game at Red Deer, when Edmonton team will play the locals.

About five o'clock in the afternoon there will be a lineup of autos and, headed by the band, the procession will march to the exhibition grounds, where Mayor Welliver will pitch the first ball. The game will start about six o'clock.

There will also be a game Tuesday night with Edmonton.

It was impossible for us to secure a lineup of the team in time for this week's issue.

The first game of the amateur league was played at the school grounds on Monday night between the High School and the Bankers. The Bankers were somewhat stronger than they had been at the practice games, but the not G. E. Fleming as pitcher was a strong addition. The batter was High School, C. Smith and Doughty; Bankers, Fleming and Munro. For the school, C. Smith pitched a steady game and only allowed two or three safe hits. Fleming pitched well at first, seemed to tire towards the end, and was hit pretty freely. At the start of the game the School seemed to be a little nervous and made several errors, but they steadied down later and easily won by a 11-6 score. H. Doughty showed up best in batting, getting a home run. Much of the scoring was done through errors but the game was quite interesting. Rev. Pearson officiated as umpire. The High School have got some classy new sweaters and make quite a showing.

The Real Estaters' Y.M.C. tried conclusions last night, and the Y.M.C. easily showed themselves superior, and it looks as if they will easily enough lead the league. P. Smith and C. Smith worked well on the Y.M.C. battery, while J. Mann, Bonnell and LaFrance were a little erratic for the Real Estaters. Some hard hits were secured off J. Mann and this, together with a comedy of errors at one time and another, allowed the Y.M.C. to secure 11 runs to their credit. P. Smith pitched well and received good support, and the Real Estaters scored only two runs. Gillespie umpired.

THE EDMONTON BULLETIN AND VERA CITY.

It is extremely interesting to have the Edmonton Bulletin posing as even a passing acquaintance of the truth and charging the News with a lack of veracity. The editor of the Bulletin would have made a fine Pharisae if he had lived a little sooner. As to the statement that the proposed Dunvegan does not run parallel to the line of the C.N.R. at Athabasca, we beg to say that this is quite true if the expression is used in an absolute sense, but the News is using language as it is used every day in making the statement. Both these lines start from Edmonton, the existing line runs north, the proposed line to Dunvegan runs slightly north-west, and when about as far north as Athabasca Landing is not very far distant from the Athabasca line. If this is not an absolute parallel, at least readers of the News will see that there is no misstatement of fact, for it is near enough to the Athabasca line to be a fairly approximate parallel. If the self-righteous Bulletin were generally as near the truth in its political vapourings it would be entitled to some respect as a purveyor of the truth, but we are inclined to the view that the Bulletin leans nearest right angles from the truth, which it proposes to esteem, of all government organs in Alberta. This is doubtless one of the unfortunate effects of feeding at the trough. The Bulletin does all, or nearly all, the government printing, which is a very fine and highly remunerative line of business, so that when it manipulates the truth it must be remembered that it is perhaps obliged to do so for a living. Yet the claim of the Bulletin is that there is sufficient difference in the country a few miles to the west justifies the difference of \$5,000 per mile in the guarantee. We doubt this statement very much, for there is excellent authority for the statement that the country is precisely of the same character. If it is so, and we believe that it is, then there is in this stretch of 100 miles a possible rake-off of not less than half a million dollars. This is about the way the average man looks at this matter, and it is not the only ground for suspicion in the conduct of the government.

We do not see so much difference between the two companies as the Bulletin does. Mr. McArthur's name has been used freely to give respectability to this deal, but Mr. McArthur is merely the buller, and of the other promoters two live in Spokane, one in Alberta, and the others in the east, none of them, so far as is known, being men of previous railway standing or experience. It is quite true that these bonds are to bear 4 per cent, against 5 per cent, in the case of the A. & G. W., but this would appear to be the lone-ome time of virtue in the deal. Will the Bulletin deny that the Edmonton, Dunvegan and B.C. railway deal is like the A. & G. W. in the following points:

1. It is the same length, 350 miles.
 2. It is at the same rate per mile, \$20,000.
 3. There is no deposit as a guarantee of good faith.
 4. There is no provision for equipping and operating the line when built.
 5. It is all guaranteed.
- Will the Bulletin deny that, while

this line to Dunvegan is guaranteed all the way at \$20,000 per mile, that the line to Peace River is only guaranteed for 100 miles and at \$5,000 per mile less than the line to Dunvegan? We are willing to let it to the average reader as to which he has heard most about, the development of the Dunvegan or the opening of the Peace River country. If the Bulletin will answer these questions, the similarity between the Dunvegan deal and the A. & G. W. will be established in several vital and important points.

Another point in which the two cases are alike is that in the present Dunvegan deal, as in the A. & G. W. the agreement is kept secret even from members of the Legislature. In the A. & G. W. case, the government enjoyed the confidence of the country and no question arose in the public mind as to the kind of agreement that would be drawn up. When the agreement did come to the knowledge of the members of the Legislature, the best men among them shrank from a sudden blow. The Bulletin reserved its opinion day after day, until it could judge with reasonable accuracy that it would flop on the right side, then itself took arms against the deal. Surely the Bulletin can see that had the agreement been produced in the A. & G. W. case, and the proposed terms discussed by the Legislature, a vastly better deal would have been made. The industry in the Bulletin have taken the place of the movement which, after the agreement had been secretly made, brought disgrace and dishonor to Alberta and destruction to the administration of Rutherford and Cross.

If this be sound reason, then the Bulletin can hardly in fairness deny that the motion of the leader of the Opposition, that the present government should produce the agreement which it proposed to make with the promoters of the Edmonton, Dunvegan and B.C. railway was vastly in the public interest and in line with the lesson of history in the A. & G. W. case. We submit that in this important point, also, the contention of the News that there is a reasonable parallel between these two deals, the A. & G. W. and the E. D. & B.C., is well established. In one most important respect the Edmonton, Dunvegan and B.C. deal is worse than the A. & G. W., in that it is under a Dominion charter, which does not give the province a particle of control over the line while the province guarantees the bonds to the extent of \$7,000,000.

THE TITANIC DISASTER.

ALL "BRITISH" IN THAT SENSE. Peterborough Review: There are characteristics of the British race which come out in great crises, of which everyone who is British is proud, and which are recognized by other peoples. It was not without reason that the captain of the "Titanic" spoke to the men on her "Be British" for he knew that if that appeal was heeded all the chivalry and fortitude required to face the calamity they had met with would not be lacking. The event proved that he was right. With calm courage the weakest were cared for so far as possible, and the strongest, who might have saved themselves, bravely, sacrificed their lives for the women and children. It was noble, it was great, it was British.

At the same time there were men of other races on the ill-fated steamer, who showed the same qualities. Among the members of the orchestra who first tried to cheer the passengers with lively airs, and then to furnish consolation with sacred music, as the steamer sank, were men who have foreign names. The majorities of them were British, but the Frenchman and the German proved that they could do their duty. An English girl in the staterage says that "the foreign men behaved nicely. The women were let get the life belts first."

ONE OF THE UNNAMED HEROES. Hamilton Spectator: A Roman Catholic priest, we learn, moved among the multitude facing death on the Titanic, giving them such consolation as he could impart, and then, twice refusing to be rescued, went down with the ill-fated boat. His name deserves to be immortalized with those of other heroes who, each in his own place and way, nobly strove till the very end to do their duty.

SOMETHING IN THE BREED. When the seas demand their tribute and a British ship goes down there's something in the English after all! There's no panic-rush for safety where the weak are left to drown. For there's something in the English after all! But the women and the children are the first to leave the wreck. With the crew in hand as steady as a wall. And the captain is the last to stand upon the sinking deck. So there's something in the English after all. —Bertrand Shadwell, Washington.

Motor Fire Apparatus

(Toronto Saturday Night) Many signs are seen of the steady growth in municipal outlays for fire apparatus driven by motor power. The estimate is that the outlays thus far made reach about \$1,000,000. The Power Wagon recently collected data showing that in the United States there were 594 motor-driven fire vehicles of all kinds now in service. It is estimated that each vehicle is worth from \$3,500 to \$10,000. The Power Wagon contends that cities have never made a better investment. Nowhere has the motor vehicle more completely shown its superiority to the horse. This superiority has been admitted, not only by property owners, but by insurance companies and firemen. The writer of the article in The Power Wagon predicts a great future for fire vehicles propelled by motors. He says: "In the United States, according to the census of 1910, there are 6,225 cities and towns with a population of 2,000 or over; there are 6,553 with a population of 3,000 or over; there are 1,858 with a population of 5,000 or over; there are 842 cities with a population of 10,000 or over; there are 320 cities with a population of 25,000 or more; there are 131 cities with a population exceeding 50,000; and 43 cities have a population of 100,000 or over. "These, then, are the possibilities. Each of these cities and towns, on the average, needs two motor-driven fire-fighting machines. The whole country, according to this estimate, which is derived from present statistics, should have a total of 12,120 fire-fighting machines. There are only 594 of them already in service, which leaves a balance of 11,526 still wanted. The value of this in the neighborhood of \$60,000,000. "Present indication show that this business will be absorbed by the motor-driven fire industry within the next ten years. But in that time the population of the country will have increased by about 25 per cent., and fire protection will have to increase by a like ratio. Hence the market for motor fire apparatus for the next ten years is certainly not less than \$75,000,000. "All the developments of the last few years are in favor of motor fire apparatus. Improved methods of fire extinguishing, notably the electric trolley and interurban lines, and the increasing radius of the delivery service (by motor-wagon) of the great city department stores, have induced people to move out from the congested areas in the cities to the suburbs. The density of city population is decreasing, but the area is increasing enormously. Outlying districts are being built up, and the people in them are isolated from fire-protection facilities. The horse-driven fire apparatus is thus automatically rendered obsolete, for it simply can not cover the distances in a reasonably short time. The only alternative is motor apparatus. The people themselves realize this, for in numerous cases have fire motors been purchased by popular subscription, and in several cases even on the installment plan. Public opinion is thus in favor of the motor, and what the public wants it gets, sooner or later. "The economic advantages of the motor fire apparatus are almost incalculable. It has been calculated that the 43,000,000 already invested in fire motors is paying dividends of hundreds per cent. every year to the American people. Naturally the total saving is impossible to estimate, but a direct idea of the value to the public of motor fire apparatus is conveyed by the action of the insurance companies, which in numerous cases have voluntarily reduced their rates for fire insurance when motors have been installed. In several cases this reduction has amounted to over 50 per cent. "The saving in fire insurance premiums alone is greater each year than the total cost of all the motor fire apparatus installed up to date. This may seem a little hard to believe, easily be verified. A motor hose and chemical engine \$5,000 will cover an area of twenty-two square miles of average city. A horse-drawn engine, on the other hand, covers only ten per cent. in the fire insurance premiums on property covering this area would represent an amount of money sufficient to buy ten motor fire engines every year at the price assumed. And in the estimate, which is averaged for the whole country, the most conservative values were taken in arriving at a result. "But this does not even begin to exhaust the economic possibilities of the motor fire apparatus. In the past of administration and upkeep the motor is very much more economical than the horse."

Sheath/Skirt is Developing Race of Knock-Kneed Women

Dr. Karl Franke, Noted German Scientist, Says New Styles are Stunting Development.

New York, April 27.—The shrill skirt and similar fashion atrocities of recent days, are discussed at length in an article which Dr. Karl Franke, the eminent German Scientist, has contributed to a Munich medical publication. The sheath skirt, he says, is ruining female figures, stunting development and producing a race of knock-kneed women. The doctor says the limbs cannot be straight unless the muscles are allowed regular, unrestricted exercise, which is only possible with wide skirts. The time must come, says Dr. Franke, when it will be a crime to wear tight skirts.

Leslieville.

The C.N.R. have reached here at last. They are waiting every day and whoever happens to come to the town at present will certainly get an idea of what Leslieville people are like and what they can do. Miss Mabel Kelly, who has been visiting friends in Red Deer for a few weeks, returned home on Thursday. The Leslieville school opened on May 2nd with Miss A. Patterson as teacher. Miss Katie Patterson is teaching at Prince George school. Another teacher can be procured. Mr. Black, a prosperous Ontario farmer who came here a short while ago, has settled in this country. His wife and family arrived on Thursday last.

A very quiet wedding took place on Monday evening at 8 o'clock at St. John's Church on April 28th, 1912, when Miss Dudley was married to Mr. Allan, both of the Rocky Mountain House. Miss Betty Forsman acted as bridesmaid, while Locke McKinnon supported the groom. The happy couple will reside at Rocky Mountain House.

Robert Edgar, insurance agent, was up in this district last week. We wonder what brings "Bob" up here so much now?

Saketow

Contractor Coulin commenced work on Monday, laying out the station grounds at Saketow. Ed. and Chas. Mitzen have returned from the Mountain House. J. J. Chilson has let a contract to Messrs. Bell and McCarty for an addition to his pool room.

There will be doings of all kinds here on May 31st. Ball games, horse races, sports, etc. Leslieville will be down with a powerful strong baseball team and all their heavyweights for the tug of war.

Eckville Notes

J. J. Clausen is improving the look of his pool room by giving it a coat of paint. Congratulations to Mr. and Mrs. A. B. Koski, who are the proud and happy parents of another son. Mr. Lawrence opened the Siama School on April 24th. Only a small number of scholars were present but the number keeps growing. Southern Alberta left this week for the Northwest where he intends to spend the summer. Seeding has just begun in this district.

Bill Hurley Will Have Great Line-up for Red Deer Team

Dickson, Last Year With Edmonton and Manning Have Been Signed. —Also G. Johnson, a Phenom from University of Washington. (By H. Chandler) Last, but not least, Bill Hurley, left now even at this late time. Mr. Hurley has hardly completed his lineup. Gathering ball players on short notice in the late spring is not alone a hard job, but an expensive one. Hurley is relying mostly on men out of the Northwest league, although he has managed to pick up a few youngsters. Bill's, the last year's Moose Jaw standout, will do the bulk of the catching, with possibly a catcher from the Seattle club, who will alternate in the outfield with Bert Dunn of last year's Moose Jaw team. Dunn is one of the most valuable men in the circuit, being able to play both in the in or out-field.

Feddie Manning, the last year Calgary star, will appear in a Red Deer uniform, and Fordy is out this year to attend strictly to business, and get up where he belongs. Not a drop of the sparkling fluid has he touched in this last seven months, and is on the wagon to stay.

Dickson, whom no doubt the fans of the Calgary and Edmonton will remember, will be there also, and Dick needs no introduction. Yet with both these men Hurley figures strong on a victory. Johnson, who has been doing great work for the University of Washington team. Though but a youngster, he is big and strong and has a wonderful speed. With a college team behind him this spring he beat Sea (the 2-1 and half Vancouver) to five hits, although they beat him in the end. In the post-over his school team, June 1, from out of the bush Hurley expects to land another big right hander,

Scene in ELINOR GLYNN Sensational Play "THREE WEEKS" which comes to the LYRIC THEATRE WEDNESDAY EVENING, MAY 10th.

Chapman by name, who has a record this spring of fanning 81 men in five games.

On first, Hurley himself will ramble, and Bill is some first-sacker. Bill will inject the necessary "Pep" into his "lightning roadsters" and also for that his "Pep" treats him with the necessary respect in handing out decisions. Godfrey, a youngster just breaking in a professional ball, a hard left-handed hitter, will be down second. Short-stop is open, and a man from Oakland, California, is expected to fill the vacancy. Hurley is trying hard to land Harper, but may not be successful. Chick may possibly be turned over by Dugdale of Seattle, as may Moran, and should they, look out for Red Deer.

A foreigner's view of any question is always interesting, an especially interesting view of the Western Canadian baseball league and the city of Red Deer in particular has just come on hand from the mighty pen of W. Pierlon, the baseball critic of Cincinnati, Ohio. "Red Deer has been admitted into the Western Canada league. Fine for the fans. Doubtless only unwarmed players will be permitted to play with the Red Deer team, so that they can be properly called stages; they will hit with backhanded bats and hand it to the bases; they will fawn upon the umpire instead of abusing him, and all the girls along the circuit will adore the little deers. Most of them, of course, will join the Elks as soon as possible."

An Appeal to Reason

Two different conditions are herein described. Which one would you choose?

To Ladies, Gentlemen and Others: Read this announcement very carefully for Assurance of Health and Happiness.

The hot days are coming. How many of you have baths in the house with running water. According to a Red Deer doctor about ten per cent. have them.

How many of you like to have a bath before you go to bed, or when you get up? All of you like to have it. Some of you when you want a bath have got to carry about four cans of water into the boiler on the stove, split a pile of wood, wait about an hour or so, then take your bath in the wash tub, make a mess on the floor, spoil the carpet, and after your bath is taken work about half an hour to clean up the mess you made.

With the Allen Portable Bath you can get your bath ready before you undress and after your bath is taken it just takes one minute to put things in shape and there is no spoiled carpet or mess on the floor. You always wash in clean water and you can reach any part of the body and you do a good job.

Let me show you it to you in your house after supper or in my store on Gaetz Ave. between Murphy & Co.'s store and Ross St. It only cost you \$7.50 and it lasts a life time.

Will take eggs as part payment.

Quality Dress Goods Dainty Wash Fabrics

When a woman has a dress or costume made she wants it made to fit and suit her—that's natural. The fit with the style wanted are the main reasons for her having it made and if the fit is lost the whole effect is lost. When we refer you to our dressmaking parlors, it is with the knowledge that we are fully able to care for your wants in a way that will arouse admiration; yes—enthusiasm.

It is our excellent corps of dressmakers and fitters and the expert who is at their head—MISS MCKINNON, that insures satisfaction.

In our Dress and Wash Goods Dept. we have a large stock of the newest fabrics to choose from—materials that under Miss McKinnon's skillful direction would develop into most attractive suits and one-piece dresses. Below we quote one or two items to give you an idea of the variety we carry:

Convicted Cattle Stealer, Ketchan, To Enter Appeal

It is the intention of L. B. Ketchan, the Calgary cattle dealer who was sentenced to Red Deer by Mr. Justice Walsh to five years' imprisonment in the Fort Saskatchewan guardhouse, on the charge of cattle stealing, to appeal to the next sittings of the court in Calgary.

Ketchan has the support of prominent local Jews, among them Messrs. J. Diamond and J. Guttmann, who went bail for him when he was released on the sureties amounting to \$10,000, after he had been committed for trial in Stetler by Justices of the Peace Gray and Mitchell.

It is the intention of Ketchan to fight the case to the last ditch, said Mr. Guttmann to the News Telegram on Friday. "It was a matter of surprise that the case was completed and sentenced, but both Summerton and Warlow, the alleged accessories of Ketchan, turned King's evidence and told the same story at the trial, whereas at the hearing the evidence of these two youths was conflicting."

Mr. Guttmann says that Ketchan, who had a clean slate up to the time of this case, is stunned over the heavy sentence passed upon him, and his wife, who is the mother of three small children, is on the verge of nervous prostration.

Ketchan is one of the most widely known members of the local Jewish colony and his case was followed with great interest by the Hebrews of this city.

Messrs. A. A. McGillivray and T. M. Tweedie defended Ketchan, and P. J. Nolan, K.C., was crown prosecutor.

M. J. MANNING IS GENERAL MANAGER OF SECURITY TRUST COMPANY

Marshall J. Manning, formerly inspector for the Merchants Bank of Canada, has been appointed general manager of the Security Trust company, with head offices in Calgary. He will assume his duties immediately and will have his residence from Red Deer to Calgary.

Mr. Manning was in the employ of the Merchants Bank of Canada for many years, being during the five years preceding November last was inspector. He is well known in Canadian financial circles.

The Security Trust Company, since its inception some time ago, has been doing a rapidly increasing business. It is planned by the concern to conduct an aggressive business campaign and to continue to expand its capacity to meet every opportunity.

Pitcox News

A sad shooting case occurred here on Sunday morning last. In the absence of Mr. and Mrs. Fred Seiben, the oldest boy, Ernest, got hold of an old revolver and, in some unexplainable manner, it went off and lodged a bullet in the back of his younger brother, Clarence. After doing what he could for him, the boy ran for his parents. Dr. George and a mounted policeman came out. The doctor ordered the boy to be taken to the Red Deer hospital, and at the time of writing the writer does not know how the poor boy is, but we hope he is better.

This is another sad illustration of the danger of leaving dangerous weapons where children can get them. Mr. and Mrs. Seiben have the sympathy of all their neighbors in the sad misfortune. Mr. C. A. Wells kindly undertook the long journey with the unfortunate lad.

Mr. Robert Edgar sold his Clydesdale stallion, "Scot in Lad," to Mr. H. L. Lightwood the other day for a good sum.

Daisy Nook school is closed at present on account of there being a delay in getting teacher. There is one expected from the east.

Seeding was in full swing, but the snowstorm has unfortunately put a temporary check on outdoor work.

The main road from the lake is still in a frightful condition, and Mr. Arthur's game had great difficulty in getting west of here, where there is a big grading outfit. It took ten horses to take the grader out.

There will be a box social held at the cheese factory here on May 17th in aid of the organ fund. Come in your thousands and bring boxes. The hall will be decorated for the occasion a good time is expected.

Divine service was held last Sunday at Mr. Jas. Leisk's house, Rev. E. G. Heaven taking the service. These services are held on the 2nd and 4th Sundays in the month.

An English Chemist Has Discovered How to Grow Hair

In England the ladies have entirely abandoned wearing rats, which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-sought-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called SALVIA, and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. Gaetz-Cornett Drug & Book Co., your druggists, are the first to import this preparation into Red Deer, and a large, generous bottle can be purchased for 50c.

Donations to Hospital

The matron acknowledges the following hospital donations for March and April:

Alexandra Club: 2 leather-seated rockers and \$10.00 for delicacies. Mrs. Thos. Gaetz, vase; Mrs. Youmans, 2 jars fruit, jar pickles; Mrs. McLeod, plant; Mr. T. B. Miller, \$10.00; M. Cole, 7 jars of fruit; Mr. Wm. Pearson, eggs and cream; Mrs. Stent, magazines; Lady Hene Campbell, puzzles; Mr. Angel Leonidas, \$20.00; Ladies' Aid Methodist Church, lilies; Young Women's Guild of Methodist Church, flowers; Gaetz-Cornett Drug & Book Co., flowers; Parker's Drug Co., flowers.

Mother's Day, May 12th, Next Sunday

OBJECT.—To honor and uplift motherhood, and to give happiness to "The Best Mother Who Ever Lived"—Your mother.

QUESTIONS.—(1) Loving remembrance of your mother (or her memory) through some distinct act of kindness, visit, tribute or letter. (2) Live this day as your mother would have you live it.

RANGE.—A white carnation—typifying purity, beauty, love, charity, and fidelity.

A Thought, for Mother's Day—BEFORE IT IS TOO LATE. If you have a gray-haired mother in the old home far away, Sit you down and write the letter you have been putting off to day. Don't wait until her weary steps Reach Heaven's pearly gate, But show her what you think of her before it is too late.

If you have a tender message, Or a loving word to say, Don't wait till you forget it, But whisper it to-day.

Who knows what bitter memories May haunt you if you wait? So make your loved one happy before it is too late.

The tender word unspoken, The letter never sent, The long-forgotten message, The wealth of love unspent—For these some hearts are breaking.

For these some loved ones wait Show them that you care for them before it is too late.

—George Danforth Griffith.

Mrs. Anderson

Tells How After Giving Up Hope, She Was Cured of Dandruff.

After reading this straightforward statement of Mrs. Elizabeth E. Anderson, of Mechanicsburg, Pa., go to Gaetz-Cornett Drug & Book Co., get a large bottle of Parisian Sage for only 50 cents, and if it don't do for you, what it did for Mrs. Anderson, they will give you your money back. Just read this letter, it's worth your while:

"I had given up hope of ever being cured of dandruff, when I purchased a bottle of Parisian Sage. It has entirely removed the dandruff, and has started a growth of new hair, and all this after having been troubled for 15 years. I cheerfully recommend Parisian Sage."

Parisian Sage cures dandruff, because it gets right down into the roots of the hair and kills the thousands of pernicious dandruff germs.

Since the introduction of Parisian Sage into Canada, it has been in demand by thousands of up-to-date society women. Parisian Sage with turn harsh, lusterless, ill looking hair into bright, lustrous hair in a few days. It is a delightful and ingenuously clean, contains no dye or harmful ingredients and is not sticky or greasy. The girl with the auburn hair on every package.

24th of May Sports at Fort Saskatchewan

Olympic Trials Will Be a Very Attractive Feature—Over \$2,000 in Prizes.

The programme of sports on May 24th has now been completed, and is a very attractive one.

Altogether \$2,000 in prizes will be offered, and the meet will no doubt be bigger than ever. Some of the best athletes in the province will compete, and this fact alone should ensure a record crowd.

The horse racing will commence at 2 p.m. sharp. There will be a free-for-all, trot or pace, for which a purse of \$200.00 has been hung up; a 2:30 trot or pace, purse \$200.00; half-mile open, purse \$150.00; and quarter-mile local pony race, purse \$50.00. All races best two in three heats, four to enter and three to start in each event, or no race. Entrance fee, 10 per cent. of purse. The local race is open to horses owned within 10 miles of Fort Saskatchewan, and in possession of owner at least 30 days previous to the race. Entries to horse races must be made on or before May 23rd.

The events for the Olympic trials include 100, 200, 400, 800, and 1,500 metres; flat, hurdle race, 110 metres; running high jump, standing high jump, running broad jump, standing broad jump, running hop, step and jump, pole vault, throwing the discus, putting the weight, and throwing the hammer.

The female mile race will start from the Halfway House at 10:30, and finish opposite the grand stand.

There will also be a tug-of-war, a relay race of one mile, and junior and juvenile events.

At 10 a.m. there will be a football match, Swifts vs. Ft. Saskatchewan, and also a baseball match.

Special rates will be offered from all points, and arrangements have been already completed for a record crowd.

Woman's Rights in the Hour of Peril
(Toronto Mail and Empire)

In the list of survivors of the Titanic disaster there are comparatively few names not prefixed by "Mrs." or "Miss." Of all the facts that have been made public concerning the wreck, that one passes almost without comment. It is no more than what everybody was prepared to expect. It strikes everybody as perfectly natural—or rather it does not strike anybody. Wherever crowds of people gathered, or succumb to them, in the company of men who prove themselves a disgrace to humanity by the brutal selfishness and cowardice of their behavior given the premises. So strong is the feeling of indignation towards such men that they would scarcely be saved from lynching even in the most law-abiding community. The men who remained on the Titanic and went down with her after doing what they could to see the women and children transferred to the boats, behaved to the credit of their kind, be it said—as men usually behave in such crises. Of course, enough men had to be put on the boats to work the oars and protect the women, for what cruelty would it have been to coast the prostrated women and children off and leave them to their own unaided exertions in that fearful sea? There was heroic work to be done by the men detailed to take charge of the boats. There was little time to choose the men assigned to this service. It is not impossible that that vast crowd of men, suddenly brought face to face with their doom, there were some who thought of themselves first. But they were restrained by the sense of manhood of those who were looking after the lowering of the boats and the rescue of the women. In the extremely busy hour or two left to these devoted seamen and passengers the masterfulness of their character came out as it probably never did before, and they were able to give their watery rest after exercising strong authority and tender humanity.

When they read of such conduct on the part of men, do not some of the advocates of woman suffrage feel that they have an overstated the case against the male portion of human society? Are men as a rule forgetful of the rights of women, and do men use the political power vested in them in such a way as to keep women under disabilities, and generally to discriminate against them, by their lawmaking? It is not to be denied that there are base and cruel men, and that women suffer at the hands of such men. But base men commit wrongs against other men as well as against women, and the granting of suffrage to women would not disarm the base and cruel or deprive them of opportunity to wrong women. Of the great majority of men in a civilized state most, we trust, would in like circumstances give an account of themselves similar to that given by the men on the Titanic. And it is very gratifying of woman suffragists to say that it is only in such crises that men think it is no more than justice to the majority of family men to say that it is their habit to subordinate their desires and their comforts to those of their women and their children's woman's unwritten charter of rights is more enduring, more secure against the risk of appeal, than any constitutions or statutes that Legislatures will ever have the power to enact. The affections of their fathers, husbands, brothers, and sons, and the civility of manhood generally are the strong guarantees of woman's rights.

WHY SALVES CAN'T CURE ECZEMA

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for

Badly Ulcerated Leg
Zam-Buk Cured Her When so Bad She Had to Use Crutches.
For various sores, bad leg, or chronic ulcers, Zam-Buk is without equal as a healer. A proof of this is just to hand from Montreal. Mrs. T. Edwards, of 164 Amherst St., writes: "Some time ago a bad sore broke out on my left leg near the ankle. For a week or two I did not heed it, but it got so bad that I could hardly walk. I sent for out soon, and he told me that I would have to lay up with the wound. I did so for three weeks. At the end of that time the ulcer healed a little, but it could only move about by using crutches.
"The sore then broke out badly, and the doctor told me that the only thing that would cure it would be an operation, and that I should have to lay for a year. This, I knew, was impossible, as I had a family to attend to.
"My son had cured a bad cut on his finger by using Zam-Buk, and he advised me to give this balm a trial. I did so, and in less than a week's time it gave me wonderful relief. It stopped the pain, which had been so bad that many nights I did not get a wink of sleep. In a very short time the wound was so much better that I had no more sleepless nights, and was able to move about and do my work. I persevered with Zam-Buk, with the result that the wound is now perfectly cured, and the limb is as sound and strong as ever. To any person suffering from ulcerated sores I would say, 'try Zam-Buk.'"
Zam-Buk is just as good for piles, abscesses, boils, scalp sores, blood poisoning, festering wounds, cuts, burns, scalds, bruises, eczema, eruptions, and all other injuries and diseases. All drug stores and stores 50c box, or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations.

Gopher Poison

FULLY one half the strychnine used for the destruction of Gophers is wasted, according to government reports.

That is why

Bolduan's Poison Grain
was put on the market.

Strychnine mixed in the usual way is not well done, as only a small part of the grain becomes well poisoned. It takes a good sized dose of poison to kill a Canadian gopher. They possess a very keen instinct and they will not eat a big meal of Poison bait. You must have a full dose in every kernel of the grain.

Also ordinary poison washes out of grain on the first shower of rain unless it is well set in the grain.

Bolduan's Poison Grain has been subjected to severe tests in these respects and found that each kernel contains a poisonous dose, baited so as to attract the gopher and set in so as to retain the poison for months. It is a

Children's clothes a specialty. There will also be a sale of homemade cooking.

The annual church parade of Red Deer Oddfellows' took place Sunday morning last, when a large number of the members of the Order, headed by the Citizens' Band, marched to the Baptist Church, where Rev. J. Bennett, pastor of the church, conducted the service, and took for his text "Jesus of Nazareth, who went about doing good." From these words preached an appropriate sermon setting forth Jesus as the great example and founder of all good, noble, charitable undertakings that have for their aim the uplifting of humanity.

The ten cent tea and sale of goods at the Baptist Church on Thursday last, under the auspices of the ladies of the congregation, was a pronounced success, \$63 having been realized during the day.

D. G. Horn, Collector of Customs for Red Deer, reports that the revenue received during April amounted to almost \$5000. This is a remarkable showing for about three weeks' business, and indicates the need in Red Deer for a port. At this rate the business for the first year will run around \$60,000. This is greater than the first year's business of any port in Western Canada except Winnipeg, and is greater than the receipts of seven out of the eleven western ports up until two years ago. It will exceed last year's business in Fernie, with a population of 5000, and of Prince Albert, with a population of 8000. This is an indication of the great development in the territory served by Red Deer.

Hospital Board Consents To Transfer Property To The Town

At a meeting of the Memorial Hospital Board, in Mr. Allen's rooms, News Block, Monday evening, last, the question of transferring the deed of the property over to the municipality of Red Deer was taken up.

The chair was taken by President F. H. Tallman, and Messrs. G. W. Greene, R. B. Welliver, T. A. Gaetz, J. Malcolm, F. W. Galbraith, W. E. E. Chudsey, A. V. G. Allen and J. A. Carswell, members of the hospital board, were present.

The question of transfer was thoroughly discussed, and there was no objection brought forward in opposition to the idea. In view of the fact that the Council were willing to make such a splendid grant to assist in building up the institution, it was felt it was the proper course to pursue.

The following motion was carried unanimously:

Moved by R. B. Welliver, seconded by T. A. Gaetz, that:

Whereas the Red Deer Memorial Hospital is in urgent need of further accommodation, and

Whereas to meet the present needs of hospital accommodation it is necessary to acquire additional buildings, the cost of which is estimated at the sum of \$15,000.00, and in the opinion of this board it is absolutely impossible to raise this amount from voluntary subscriptions.

Now, whereas the Council of the Town of Red Deer has been requested to submit a by-law to the electors for the purpose of raising the said sum, and the Council of the Town of Red Deer on the 2nd day of May, 1912, passed the following resolution, viz:

"That in the view of this Council, it would be in the interest of the people of Red Deer that the Memorial Hospital property be deeded to the Town of Red Deer, and that the hospital directors be notified to this effect."

And whereas the Town of Red Deer by grant in the year 1906 gave a grant of \$6000.00 to the hospital in addition to its annual grant and exemption from taxation.

Be it therefore resolved that the board of directors take such steps as may be necessary and requisite to obtain the approval of the members of this corporation to convey the property of the Red Deer Memorial Hospital to the Town of Red Deer, including any legislation necessary to authorize the same.

A live, growing, developing property—Red Deer West.

Arrangements have just been completed for the appearance here at the Lyric Theatre, on Tuesday evening, May 14th, of Elinor Glyne's own dramatization of her sensational book "Three Weeks", which will undoubtedly prove one of the best and most pleasing attractions seen at the Lyric this year. This great play has been the theatrical success of both this country and Europe, the past two seasons, and critics of the east concede that in the dramatic version Miss Glyne has surpassed her efforts in writing the book. Nearly everyone has read the book and is therefore naturally anxious to see the play. This is the first time it has ever been presented here by a strictly first class company, with beautiful scenic equipment, etc., and it will undoubtedly draw a large house.

"Three Weeks", both as a book and play, has probably received more notoriety than any other story ever written. To-day and a most phenomenal run at the Grand Opera House, New York City, last season, and later ran for nearly 9 months in Chicago.

The management have provided an excellent company for this season's tour. Miss Gertrude Guertie, an actress of exceptional ability and reputation throughout the east, is appearing in the difficult role of "The Lady." The part necessitates the wearing of many beautiful gowns, and press notices from their cities where "Three Weeks" has appeared indicate that Miss Guertie "knows how" to wear them. This play should draw a big house on its appearance here next Tuesday evening, May 14th. Seats may be booked in advance at Gaetz-Cornett.
